

## **Plex Mobile Apps – Plex media player and Plexamp Audio Player (music and Audiobooks)**

I've purchased Plex hosting licences and therefore made the mobile apps free for my users.

Plex mobile apps are now free for streaming on both IOS (Apple) and Android (Google)

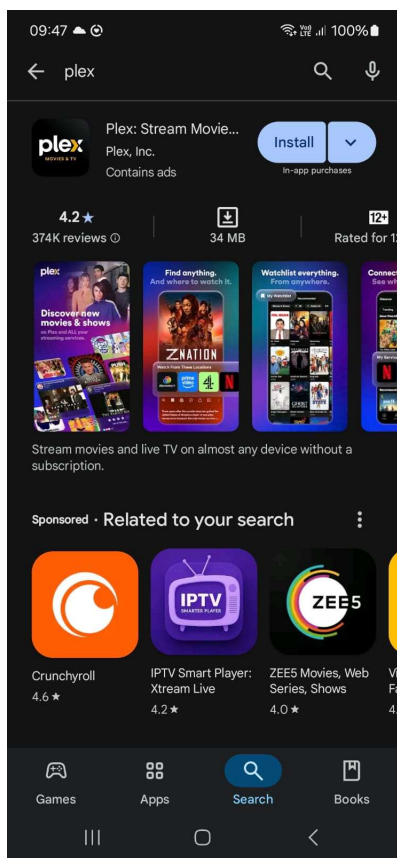

Below are the instructions to get them installed on Android and is very similar to IOS

Download the Apps from the App Store (IOS) or Play Store (Android)

“Plex” app is the media player app and;

“Plexamp” is the music / audiobook player

Here are some screenshots on Android;

Download from App Store and sign in with your plex account
